## **RE: Inaugural National Native American Heritage Month Parade**

Dear Parade Participant: Tribal Community Coordinating Center

Thank you for participating in the Inaugural National Native American Heritage Month Parade in downtown Sacramento hosted by the California Legislative Native American Caucus on November 9, 2024.

Your support helped make this experience a memorable and successful event for the Native American community and the Native American Caucus. For generations and centuries, we have fought and advocated for the respect, dignity, and celebration of our culture and traditions. The parade marked a milestone in that effort. It is the goal to continue this effort annually and to grow it and expand it so that more of the Native American community, organizations, allies and partners have a place to show their support. With this, I ask for you continued participation as we look forward to the next year.

It is my hope that you know your contribution to this historical event brought long overdue healing, dignity, and pride to California's Native American community.

With my deepest heartfelt gratitude, "Thank you".

Sincerely,

A handwritten signature in black ink, appearing to read "James C. Ramos".
